A best-seller, it guarantees you a reliable product with fast drying. Advanced features in a compact, energy-efficient unit gives you excellent value.

Part of Dryflow's World first range of Certified Carbon Neutral hand dryers* - you're making immediate carbon savings, a concrete contribution to fighting global warming, and will continue to do so compared to less

sustainable ways of hand drying

HDUK expert opinion: "Superbly crafted, these look stunning in any washroom. Performs great giving excellent value. Fast, energy-efficient and reliable with a noise level lower than most high-speed dryers. Compact and light so really quick and easy to install."

Ideal for these locations or similar:

- Offices (Small to Medium Sized); Schools (Primary and Secondary); Pubs / Bars; Hotels; Restaurants; Limited space washrooms

Product features

- Available in White, Brushed Satin or Polished Chrome finish (Stainless Steel cover)
- Fast drying and low yearly cost to run

- 2400 dries possible per £1 spent on electricity^ compared to 143 dries per £1 spent on paper towels^^
- Intelligent Heating System: Ensures that no energy is wasted but the airflow is always a pleasant temperature for the user
- Very compact – ideal for small washrooms
- Internal UV-C sterilisation light safely kills bacteria inside the dryer
- Particle catching filters clean the air of debris before it reaches the hands
- Robust and vandal resistant
- IPX1

FREE DELIVERY: Delivered next working day if ordered before 3pm

The logo is a circular emblem divided into four quadrants. The top-left quadrant shows a factory icon with '+CO₂' above it. The top-right quadrant shows a wind turbine icon with '-CO₂' below it. The bottom-left quadrant shows a leaf icon with '-CO₂' below it. The bottom-right quadrant shows a sun icon with '+CO₂' above it. The center of the circle contains the text 'carbon neutral'.

The World's First Carbon Neutral Hand Dryer Range

The logo consists of three stylized white leaves arranged in a fan shape.

Dryflow

The logo is a circular emblem with a stylized 'C' shape inside, composed of two overlapping semi-circles.

Carbon neutral
Product
ClimatePartner.com/16672-2202-1001

* Verified by ClimatePartner, certain Dryflow hand dryers have been analysed to measure their lifetime's emissions, from 'cradle to grave' (Product Carbon Footprint).

Any unavoidable CO2 that is created is offset through Dryflow reducing their own CO2 emissions and contributing to recognisable climate-friendly projects.

As stated by ClimatePartner, anyone who buys carbon neutral products is making a concrete contribution to fighting global warming and this is an easy way to take climate action with a considered purchasing decision.

^Based on £0.20 per kWh. ^^Based on average 143 paper towels per £1 spent, using 1 paper towel per dry.

Attributes:
