## Description:

There are several reasons that you may choose to invest in a Biozone Air and surface sterilisation unit not least to combat spread of infection in your washroom. The Biozone products have been shown to destroy viruses including Coronavirus family of viruses (as yet not tested specifically on the strain COVID19), flu, E.coli, Salmonella and Streptococcus within a defined area. This is particularly useful in washrooms or other transient areas. The AirCare system improves hygiene both in the air and on surfaces, works 24 hours a day and uses sterilising techniques to clean the environment.
