A lot of specs will promise it, but this genuinely has one of the world's fastest dry times. Built by a major European manufacturer, the Machflow Plus with brushless motor and advanced hygiene technology gives you everything you need from a hand dryer. If used 250 times a day, 365 days a year, it would still have a life expectancy of 20 years! Low energy, adjustable noise levels, robust and includes a cutting edge installation process which makes for easy installation and servicing. You will struggle to find a hand dryer that offers

more backed by a superb guarantee!

THE LAST HAND DRYER YOU WILL EVER BUY!

Ideal for these locations or similar:

- Any sized offices; Cinema/Theatre; Secondary schools; Colleges / Universities; Pubs / Bars; Hotels; Restaurants; Public Attractions; Sports Stadium; Swimming Pools; Airports; Factories; Shopping Centres; Motorway Services

HDUK expert opinion: "50 years of manufacturing experience has carefully crafted a unit that has everything. Best in class for drying performance, minimal costs to run, lasts forever, bomb-proof, low environmental impact and adjustable settings. We back it that much we offer a 20 year guarantee, it will last a life time!"

Quick install / uninstall kit:

Plug-in system back plate included as standard. Install and uninstall the hand dryer easily, quickly and safely, making maintenance much more efficient and reducing your costs at the same time. See video below for more information.

Product features

- Available in White, Black, Brushed Satin or Polished Chrome finish (Stainless Steel cover)
- Fast drying, versatile and highly reliable unit, ideal for any location

- 4800 dries possible per £1 spent on electricity^ compared to 143 dries per £1 spent on paper towels^^
- Concentrated, narrow air nozzle focuses the airflow for a more targeted drying area, increasing the speed and efficiency of dry
- Suitable for high traffic public locations, whilst providing very low running costs through its highly energy efficient motor (0.25kW - 1.1kW)
- Robust yet elegant cover made of 1.5mm thick stainless steel / steel it comes with a number of anti-vandal features and excellent build quality
- HEPA filter as standard which includes a pre layer and carbon filter to make sure it catches 99.9% bacteria from the air before it's blown on the hands
- This unit incorporates an ionizer ("Ion Hygienic" technology) that constantly cleans and purifies the air in the washroom through the emission of anions, eliminating most of the germs and particles transported through the air, helping it to be purer and healthier. (See images for further explanation)
- Adjustable motor speed and on / off heater element let you customise the energy consumption and noise levels which is complemented by the absorption of noisy wall vibrations via rubber blocks on the base
- A self-adjusting infra-red hand detection sensor
- Universal voltage hand dryer
- Optional odour neutraliser's can be purchased to help rid the bathroom of unwanted smells by emitting a pleasant smell into the environment thanks to its soft fragrance.
- IP23

FREE DELIVERY: Delivered next working day if ordered before 3pm

* Brushless motors are superior to those found in most other hand dryers and carry a number of advantages including no need to maintain brushes that wear over time, greater efficiency using less energy per rotation, quieter operation and increased lifespan

^Based on £0.20 per kWh. ^^Based on average 143 paper towels per £1 spent, using 1 paper towel per dry

Attributes:
