Small in stature but massive in performance! This fast drying, very low energy dryer has a beautiful, modern anodised finish that will look fantastic in any location. You get a robust yet elegant, compact unit that leaves no user disappointed; one of the best!

---

**HDUK expert opinion:** "These are the dryer of choice installed throughout Manchester Airport showing the trust in their quality and performance. It's a unit that adds a touch of class to the décor of any washroom, yet does a fantastic job at drying without hardly any impact on the environment."

---

### Product Features

- Available in Silver, Graphite or Rose Gold finish (anodised Aluminium)
- 5000 dries possible per £1 spent on electricity^ compared to 143 dries per £1 spent on paper towels^^
- One of the most energy efficient in the world at just 300W yet a very powerful performance
- High intensity single port nozzle
- Long-lasting brushless motor\*
- Beautiful colours and a diamond cut edge
- Blue LED to guide users intuitively to the optimum drying zone
- Compact, slim size - perfect for washrooms with limited space
- Suitable for public areas and high use
- Vandal resistant with antivandal screws and robust construction

\* Brushless motors are superior to those found in most other hand dryers and carry a number of advantages including no need to maintain brushes that wear over time, greater efficiency using less energy per rotation, quieter operation and increased lifespan

^Based on £0.20 per kWh. ^^Based on average 143 paper towels per £1 spent, using 1 paper towel per dry.
